FALL '61 — SPRING '62

## CONDITIONS OF SALE
For both iris and daylilies

TERMS: Please send full payment with all orders, whether for prompt delivery or for reservations.

GUARANTEE: We guarantee healthy stock, freshly dug, true to name, plainly labeled and packed to reach you in good condition. If the delivery is unsatisfactory, notify us at once and return shipment with original labels. We will replace or refund purchase price.

POSTAGE: We pay transportation on retail orders in the U.S.A., that amount to $10.00 or more. Please add 50¢ for packing and postage on smaller orders, and add 35¢ on any order if you want "Special Handling"--it is worth it.

SHIPMENT: Iris can be shipped any time, but September and October are best. Rhizomes are mature at that time and you are more apt to get blooms the following spring. August is next best. November is fair. Winter months are too cold in most places. We charge 25% more for spring shipment because we lose the increase and you will likely get no bloom.

PRICES: Special cash and carry values are made attractive at the "House O' Macs"; many combinations to meet your gardening needs for both iris and daylilies can be arranged through personal visits at bloom time.

BONUS--On orders for named varieties of $10.00 or more, we always give a bonus; and to enable you to select the kind you would like, we make the following offers applying to both iris and daylilies, except those followed by L.S. "Limited Stock." All offers are subject to stock being unsold.

No. 1--Orders $5.00 to $10.00--your selection of listed named varieties up to 20% of the price of your order.

No. 2--Orders $10.00 to $20.00--your selection of those valued at 30% of your order.

No. 3--Orders $20.00 to $40.00--select any listed at 40% of your order.

No. 4--Orders $40.00 or over--select any listed at 50% of your order. For instance, on No. 4 you could select a bonus value of $20.00.

COMBINATIONS--You may combine iris and daylilies either in your order or in your selection for your bonus.

SUBSTITUTIONS: We do not substitute for your order without your permission. It will save time and trouble for both if you will suggest acceptable substitutions, especially on bonus selections in case our supply is exhausted.

## DAYLILIES

This belated flier will list but not describe varieties that have been described in our 1960 catalog or in the C.G. Simon lists or those that are well known from other catalogs. It is to bring you up to date on prices and to list new acquisitions that we hope will improve our breeding strains. Some of these such as Satin Glass and Dream Mist are not now being offered for sale, but we will have many of their babies blooming when you come to Lafayette and Abbeville for Region 13 Meeting during the last weekend in May next spring.

You have, of course, noticed that the Simons have kindly introduced our Mary Lawrence for us. We are accumulating stock before introducing other seedlings our friends and guests enjoyed at our 1960 regional meeting. These should be blooming for your reappraisal next May along with many of this springs "debutants" that we like very much. Also the remaining 75 or 80% of 1960 seedlings and some 20 to 30% of this springs planting that are now growing nicely in cans, will greet you for the first time.

ABBREVIATIONS: L.S.--Limited Stock
MacM--MacMillan

If you do not have a copy of our 1960 catalog to help you with descriptions and other general information, advise and we will send you one.

### INTRODUCING

OUR MELON MOTHER (MacMillan) Reg. 1960. Known to our customers as the Mother of "Mary Lawrence" and most of our top melon seedlings; scapes 36" - 40". Re. ev. EM. M.; Multiple and wide branching; large 7" blooms, full, widespread; petals 2" - 2½"; color light crome self; proliferates. $ 5.00

## PART TWO

## I R I S

## LOUISIANA NATIVE

### OUR 1961 INTRODUCTIONS

SUZANNE ARCENEAUX (MacM)--Mistis X Swamp Angel--When we found "Sweet Sixteen" unavailable we named it for the sweetest sixteen year old girl we knew--it reminded us of her. A medium size bloom, a lovely, soft, hydrangea pink self. $5.00

GARDEN BOUQUET (MacM)--Purple Wonder X Wheelhorse. A huge phlox self with up to 18 blooms on a bloom stalk and many multiple branched bloom stalks; long blooming season, truly a garden bouquet. $5.00
